Outcomes of Initiatives Embarked Upon

An overview of service delivery landmarks that we have gained and the challenges that we have faced during the period under review, are presented below as follows:

- financial management & viability, Planning & Support:

For the reporting period under review, the council approved the IDP and the MTREF for 2013/14 on 29 May 2014 so as to give effect to the intended programs of the municipality for the year. Our financial management objective for the period under review was to promote financial management services that enhance viability and compliance with MFMA and other relevant legislation.

To this end, our determination and goal still remained the attainment of clean audit for the period under review, while at the same time, ensuring that we continued to deliver on our support role to all local municipalities in our district so as to ensure that they continue to provide sustainable services to the community.

On the other hand, have also made discernible progress in improving on reporting on predetermined objectives both for in-year and annual reporting in accordance with the National Treasury's in-year and annual reporting principles, however, a lot still needs to be done in ensuring that the performance management framework is understood and cascaded at lower levels within the institution.

access to basic services delivery & infrastructure development:

Basic service delivery has generally been consistent within the district throughout the period under review, except for Metsimaholo and Moqhaka Local Municipalities where prolonged strikes by employees negatively impacted on services such as refuse removal. On the other hand, poor levels of payment of services by communities also impacts negatively on the local municipalities' ability to render improved quality services, to the extent that the financial viability and the going concern of our local municipalities is threatened.

In relation to infrastructure development, the following major infrastructure programmes, funded directly from our budgets, and through which a total number of 178 jobs were created, were under implementation by in the district:

- Qalabotjha Stadium
- Rehabilitation of Kruis Street in Parys
- Electrification of stands in Edenville
- Metsimaholo: Sewer Yard Connections in Gortin for 2400 ervens
- Mafube: Sewer Network and Toilet Structures for 363 ervens in Qalabotjha
- EPWP Projects (Funded from EPWP incentive Grant)
- Metsimaholo: Deneysville Municipal Resort

local economic development initiative

Our Local Economic Development (LED) department plays an important role in initiating and supporting various Community Work programmes and other sustainable economic programs initiated by communities within our district.

Consistent with the previous reporting period, our strategic focus was on the following core areas of our LED strategic objectives:

- Stimulating SMME development
- Sustainable livelihoods
- Vocational Skills Development

Through these LED initiatives, it is estimated that a total number of 1 250 people are employed throughout the district.

- actions to support the human settlements outcome

During the period under review, a number of activities related to promotion of decent human settlement within the district were undertaken pursuant to our Spatial Development goals. Consistent with the previous reporting period, the following activities remained the key focus areas in support of creation of decent human settlement within the district:

Objective	2013/14	2012/13 Outcomes
	Outcomes	
Community Awareness		42 awareness campaigns
Campaigns		held throughout the district
		regarding Waste
		Management issues
Environmental Pollution		229 complaints regarding
Control		Environmental Pollution were
		attended to and various
		sources of pollution identified
		and addressed.
Enforcement of building		76 Premises across the
regulations & by-laws		district were surveyed to
		ensure compliance with build
		legislation.
Approvals of building		787 of 913 building plans as
plans		submitted to various local
		municipalities within the
		district were compliant with
		various relevant legislation

Table 2: actions to support the human settlements outcome

- refined ward committee model to deepen democracy

The activities of ward committees in Fezile Dabi District Municipality are coordinated directly from the office of the Speaker. The Speaker visited ward committees in all local municipalities to assess their level of functionality and also to provide the necessary support where needed based on the challenges that were identified during the previous financial year. On the 19 February 2014 the Speaker of Fezile Dabi District Municipality visited Mafube Local Municipality to handover computers and printers to the ward committees and CDWs in an effort to improve the efficiency of ward committees. This equipment was accepted by the local speaker Ms Thandi Moloi on behalf of the ward committees. The computers and printers were allocated as follows amongst the different towns within Mafube Local Municipality:

Town	Number	Number of computers
		computers
Frankfort	2 Computer and Printer	4
Tweeling	1 Computer and Printer	2
Cornelia	1 Computer and Printer	2
Villiers	2 Computer and Printer	3

Although a number of challenges were still identified regarding the functionality of the Ward Committees, especially in Moqhaka, in overall there has been as significant improvement on the functionality of ward committees in our district.

- single window of coordination

Consistent with the constitutional principle of cooperative governance, of we see the intergovernmental relations between spheres of government as an important tool to enhance and speed up service delivery.

To this effect, a number of strategic bilateral between the district and various others stakeholders were held in an effort to ensure co-ordination of activities in an effort to enhance service delivery and to respond to the needs of communities. During the reporting period under review, both the offices of the Executive Mayor and the Speaker played a critical role in ensuring maximum coordination of activities and resources at various levels with various other stakeholders.

CHAPTER 2: GOVERNANCE

COMPONENT A: GOVERNANCE STRUCTURES

A1: POLITICAL GOVERNANCE STRUCTURE

The political structure of Fezile Dabi District Municipality is constituted of municipal council which the highest decision making body of the municipality. The Executive Mayor and the Speaker also form part of this council and are both full time political office bearers. The council consists of 32 councillors affiliated to different political parties.

A 2: ADMINISTRATIVE GOVERNANCE STRUCTURE

The administrative structure of the municipality is headed by the Municipal Manager. As the Accounting Officer, the Municipal Manager accounts to the council for all the administrative issues of the municipality, including implementation of council resolutions. In execution of her duties, the Municipal Manager was assisted by her senior managers, who serve as departmental heads and all together, constitutes the senior management team of the municipality.

The senior management team of Fezile Dabi District Municipality for the period under review was structured as follows:

Composition of Senior Management			
Name	Capacity		
TMs Lindi Molibeli Municipal Manager			
h ^M r Gcobani Mashiyi	Chief Financial Officer

COMPONENT C: PUBLIC ACCOUNTABILITY AND PARTICIPATION

During the reporting period under review, public participation continued to be of pivotal importance in decision-making processes of council. The municipality relied on public inputs through consultation processes to inform the Integrated Development Plans, Budgets, Service Delivery and Budget Implementation Plan (SDBIP) and Performance Plans.

C1: PUBLIC MEETINGS

All municipalities within the district were encouraged to develop and implement public participation monthly programmes. The programmes were facilitated through Ward Committee in various wards. With the inclusion of Moqhaka Local Municipality, all municipalities had functional Ward Committee structures although monthly programmes were consistently adhered to and not implemented as scheduled.

The following were identified as some of the dominant challenges that affected effectiveness and efficiency of the implementation of the monthly programmes:

- Poor attendance of meetings by communities
- Non availability of resources for public participation
- Municipality not submitting written reports to the DPPSC and PPPSC meetings
- Not all the local municipalities have the monthly public participation programme.

C 2: IDP AND BUDGET PUBLIC CONSULTATIONS

During planning period in the period under review, the Executive Mayor of Fezile Dabi District Municipality supported by all councillors and municipal administration facilitated a series of community and stakeholder engagements to solicit their inputs on the draft Integrated Development Plan and the corresponding MTREF for 2013/2014 after adoption by Council.

Section 26 of the Municipal System Act, 32 of 2000 as amended requires that the council's development strategies must be aligned with any national or provincial sectorial plans and planning requirements binding on the municipality in terms of legislation. Details of this required alignment of strategies and programmes was as per the approved IDP for the period under review.

C 3: OTHER KEY PUBLIC CONSULTATIVE INITIATIVES

- Frankfort Stakeholders Meeting

On the 20 February 2014 the Office of the Speaker met with Frankfort stakeholders at Namahadi Library to discuss the challenges facing the community of the greater Frankfort. Amongst others, the following were raised as the dominant challenges by the community:

- House breaking
- Stock theft
- GBH and Common Assault
- Domestic Violence
- Drugs and substance abuse (Schools)
- Gangsterism (during the festive season)

During the consultation, the South African Police Service was also represented by Mr Motaung from crime prevention unit who indicated that they have established *Insidingo Stakeholders Forum* to deal with all challenges of crime in the area, but they appreciate the initiative of Fezile Dabi District Municipality to organize stakeholders meeting, however the shortcoming of the forum was that not all stakeholders such as appropriate government departments did not participate in the forum's meetings.

Some of the key resolutions of the meeting which required the attention of all stakeholders were as follows:

- There should be a follow up meeting whereby all Namahadi stakeholders will be invited on the 04 March 2014 at the Social Development offices.
- All stakeholders to submit their programme for the purpose of developing Insidingo annual programme of action
- Training should also be organized for all stakeholders on roles and responsibility of the forum

 Mafube Local Municipality should also attend stakeholders meeting to play its meaningful role as expected.

- Crime Awareness Campaign School Visits

The report of SAPS crime prevention unit for 2014 indicated that the most of the schools in the district, experience a problem of usage of the drugs and substance abuse in the local schools and that Gangsterism was rife.

Based on this revelation, the office of the Speaker then developed a programme of visiting the identified problematic schools in the district to provide motivation to learners with an objective of curbing drugs and Gangsterism and fostering a conducive learning environment.

Mr. Lunga Mthetho from Marshall Entertainment and Motivation was appointed as to visit all identified schools to render the necessary motivation to learners to refrain from usage of drugs and substance abuse and Gangsterism and focus on learning and developing their careers.

The presentation was based on the following identified problem areas:

- Use of alcohol
- Theft
- Gangsterism
- Teenage pregnancy
- Life in prison
- Use of drugs (dagga, nyaope, cocaine etc)

The following schools were visited:

Metsimaholo Local Municipality: Zamdela

- Nkgopoleng Secondary School
- Iketsetseng Secondary School
- Sako Botjha Secondary School
- Malakabeng Primary School

- Credo Primary School
- Cedar Secondary School
- Tsatsi Primary School

Mafube Local Municipality Namahadi

- Tsiboluwazi Secondary School
- Fala Sizwe Secondary School
- Mfundo-Thuto Secondary School
- Ngwathe Local Municipality
- Mokwallo
- SS Parkie Secondary School

Moqhaka Local Municipality: Ramolutsi

- Kgolagano Secondary School
- Rehahutswe Public School
- Kgabareng Secondary school

All visited schools appreciated the initiatives taken by the municipality and pledged to embrace the outcomes of the initiative.

- ID Handover Ceremony at Groenpunt Maximum Prison

The Office of the Speaker in partnership with Home Affairs and Groenpunt prison embarked on the ID Campaign during November 2013 at Groenpunt maximum prison. The objective was to encourage the inmates to apply for SA IDs with the purpose of ensuring that they do have an accesses to the services offered by government and also to register and vote on the 7 May 2014 general elections.

The ID handover ceremony was on the 04 April 2014 at Groenpunt. The ceremony was blessed with the attendance of the District Mayor Councillor Moeketsi Moshodi, Speaker Councillor Girtz Nketu, Provincial Commissioner Me Moodely and Area Commissioner.

The Executive Mayor and Speaker handed over IDs to more than 148 inmates during the event.

COMPONENT D: CORPORATE GOVERNANCE

Corporate Governance is a system that encompasses a set of rules, processes and laws. The municipality therefore views corporate governance as an effective system by which our municipality should be operated and controlled and thereby of ensuring that the community gets value for money through diligence and honesty.

In the course of rendering services to the community, it is therefore important to do so within the parameters of the law, and this can be achieved by connecting corporate governance with legislative risk management as a guideline.

D 1: RISK MANAGEMENT

Risk management is an integral part of corporate, business planning and service delivery at the municipality. Pursuant to support this institutional objective, the municipality has a fully functional Risk Management Unit. The unit is mainly responsible for the implementation of effective risk management as a key element of good governance and rigorous performance management.

During the period under review, strategic and operational risk assessment was performed for all areas within the municipality, risk identification processes were carried out through the interview, discussions and completion of risk management template by management and senior employees.

The following were the municipal key focus areas and strategic risks for the period under review:

D 2: ANTI-FRAUD AND CORRUPTION

For the period under review, the municipality adopted strategies to combat fraud and corruption in the IDP.

The municipality's Internal Audit also plays a pivotal role in the review of processes and adherence to process relating to segregation of duties, procurement process, efficiency of internal controls, and other measures to prevent fraud and corruption from occurring.

D 3: SUPPLY CHAIN MANAGEMENT

The Supply Chain Management processes of the municipality are managed through a dedicated supply chain management unit. For the period under review, the unit is appropriately capacitated in terms of human resources and skills to be able to perform its assigned duties.

The composition of the bid committees was also in accordance with the provisions of the Supply Chain Management Regulations, 2005, and there was regular reporting on the implementation of the policy.

D 4: BY-LAWS

There were no new by-laws introduced or revised in this reporting period.

D 5: PUBLICATION OF INFORMATION OF THE MUNICIPALITY'S WEBSITES

The municipality's website was functional and accessible throughout the period under review and the table below provides details of important information that was publicised on the website:

CHAPTER 3: SERVICE DELIVERY PERFORMANCE (Performance Report Part 1)

COMPONENT A: INTRODUCTION TO PERFORMANCE REPORT

This chapter focuses on reporting on service delivery on a service-by-service basis based on the objectives and strategies that were contained in the municipality's IDP and SDBIP and the resources that were deployed as per the approved budget for the reporting period under review.

Therefore this chapter aims at demonstrating what has been achieved and what remains outstanding as initially planned in terms of the municipality's IDP.

The service delivery performance of the municipality for the period under review, in accordance with the IDP, Budgets and SDBIP is presented on the table below:

COMPONENENT B: OVERVIEW OF THE RELEVANT PROGRESS ACHIEVED ON THE RELEVANT OUTCOMES FOR LOCAL GOVERNMENT AS REQUIRED BY NATIONAL AND PROVINCIAL SPHERES

B1: ENVIRONMENTAL HEALTH AND EMERGENCY SERVICES

Participation at International Platforms

From the 12th to 14th November 2013 the 3rd All Africa Congress on Environmental Health was held in South Africa at the International Conference Centre, Durban, Kwazulu Natal.

World Water Day

The theme for National Water Week 2014, which was celebrated between the 18th to 24th March 2014 was "Water **is life- Respect it, Conserve it, Enjoy it**".

During this period, over 114 learners from Warden Public School, Kopanong-Hlanganani School, Ledibohong school and a crèche in Viljoenskroon participated in water awareness campaigns and educational talk was facilitated by Rand Water and demonstration of hand washing and the importance of hygiene was presented by the municipality's Environmental Health and Emergency Services department.

School Health Project

On 4 March 2014 Fezile Dabi District Municipality and the Department of Health conducted a school health project. The purpose of the project was to conduct health screenings of learners at schools. The program included eye and hearing tests, basic oral health and hygiene education.

The project was implemented at Tharollo Primary school and targeted grade 4 learners where 157 learners were reached. Furthermore, the municipality also conducted health and hygiene inspection of the school's kitchen and toilets used by learners.

World Environment Day

World Environment Day is celebrated on 5th June each year. It is one of the principal vehicle through which environmental activists stimulates worldwide awareness of the environment.

As part of celebrations, the Environmental Health and Emergency Services Department, embarked on promoting the cooperate image of the department with Metsimaholo recyclers as target group. Landfill sites were visited to give an educational talk on the importance of recyclers; significance of world environmental day; pollution caused by burning and effects thereof as well as the disasters that can occur in landfill sites.

– World Health Day

Fezile Dabi District Municipality marked the World Health Day and Africa Malaria Day on 3 May 2014 by having an awareness campaign at Motswela Secondary School, Kroonstad. The target was grade 12 learners.

Global Hand Washing Day

The celebration of Global Hand Washing Day was held on the 22 October 2013 at Weiveld Agricultural & Hotel School in Parys District.

Illustration of proper hand washing technique as per Department of Health recommendation was also conducted whereby school children also participated in actual hand washing exercises. Approximately 500 learners including educators were reached at the school point of assembly.

- Celebration of World No Tobacco Day

Fezile Dabi District Municipality Municipal Health Services (MHS) together with Disaster Management division collaborated in celebration of the World No Tobacco Day. The event took place on 31 May 2014 in Mokwallo hall. The target groups were Vredefort Youth Solution and Love Life foundation. These organizations are community based organizations promoting healthy lifestyle and healthy environment through community revitalization, leadership and development.

MHS made a presentation on the Tobacco Products Control Act and the effects of tobacco products on the health of human beings. Disaster Management unit also made presentation on the environmental effects of tobacco that may lead to disasters such as veld fires. Thirty (30) people were reached on the day.

Baswa Le Meetse Project

Sindekile Primary school was one of the schools in Ngwathe area which participated in Baswa Le Meetse (BLM) competitions in 2014. The school won at district; provincial; and national level under category of music. This is one of the schools that were part of H&H project in Ngwathe area.

Fezile Dabi Municipality's role was to give information on sanitation; water, health and hygiene issues to all schools participated in BLM. The event was held on 19 September 2013 at Sindekile Primary School in Parys. The purpose of the event was to handover the media classroom by the Deputy Minister of Water and Environmental Affairs (Me. Rejoice Mabudafhasi). Twenty (20) computers were handed over to the school for obtaining position two at national competitions.

- Chemical Safety

Between the 1st and 31st March 2014, chemical safety awareness campaigns were held in Phuleng Primary School, in Kroonstad, Sendekile Intermediate School and Selogile Primary School, both in Parys. The target group was learners aged 5-6, the focus was to educate them on the hazardous symbols associated with chemicals and how they could protect themselves from being poisoned or burned, dangers associated with the handling and storage of household chemical substances.

In total, 580 learners including the educators were reached during the campaigns.

– Food Safety Project

Having identified the need for cooperation between the Environmental Health Practitioner (EHP) and the Producer in ensuring a safe and quality supply of raw unpasteurized milk for human use in the district, Fezile Dabi District Municipality ventured into a program of engaging the producers. The launch of the Milk safety project in the Fezile Dabi District Municipality represent not only a remarkable achievement in the EHPs' operation but serves also as a support measure in response to the District Municipality's approval for the distribution of raw unpasteurized milk.

In the fourth quarter of 2013, workers at various milking parlours across the Fezile Dabi District Municipalities were trained on milk safety. The FDDM training manuals which were developed by the EHPs were used during these trainings. The training was preceded by the taking of both milk and water samples at the parlours.

B 2: DISASTER MANAGEMENT

- Fezile Dabi District Municipality Disaster Risk Advisory Forum

The FDDM Disaster Management Centre has established its DRM Forum which is attended by multi-sectoral role players who contribute meaningfully to deliberation of such meeting. The forum focuses on compliance to prescripts of the Act and the Framework by the district. PDMC also forms part of such engagements and these meetings are held quarterly. On the other hand, the municipality also participates in the Provincial Disaster Risk Advisory Forum.

The following are the dates of the meetings held in the reporting period under review.

- 05 September 2013; 21 November 2013; March 2014; 23 May 2014; and
 27 June 2014

– Disaster Risk Assessment

Windstorm in Tweeling Mafahlaneng: On the 20 November 2013, the community of Tweeling (Mafahlaneng) was hit by a windstorm that affected about 20 houses and a church. On 28 November 2013 an assessment was conducted by the Disaster Management Centre, 17 houses had minor damages and were already fixed by the owners. 3 houses had damaged roofs.

- Disaster Risk Reduction

Sasol Techno X: The Sasol Techno X is an annual event and the largest career guidance exhibition of its kind in the Free State. It draws visitors across the country and it seek to expose, at a practical level, the many facets of technology and encourage learners to explore the wide range of exciting disciplines and career choices that science, maths and technology offer.

The Directorate of Environmental Health and Emergency Services exhibited on the 13th SASOL Techno X. Public and learners that visited the stand were taught about Disaster Management, Fire Services, Environmental Health and Environmental Management. Our theme for the week was learning whilst having fun. The weeklong event attracts about 22000 learners

The theme of the Campaign was "Community Resilience Against Disaster, Fire & Environmental Impacts" The Phomolong Volunteers that were trained on fire, disaster, health and hygiene were part of the Awareness Campaign and Mafube Local Municipality provided their staff for cleaning campaign as the event was in collaboration with Mafube LM.

– Response & Recovery

<u>Structural Fire in Kroonstad</u>: On the 05 September 2013 an incident occurred where a house was burning, Fire fighters responded and extinguished the fire at 17:58 pm. The cause of the fire was due to faulty electric wires, which has been reported to the local municipality numerous times.

<u>Windstorm that Affected Heilbron:</u> On the 17 December 2013 an incident occurred whereby seven houses were affected in both Phiritona and Sandersville settlements. The windstorm has rigorously damaged some of the houses so much that some occupants are staying with neighbours. They were no fatalities and injuries incurred and reported.

Disaster Coordinator conducted a face to face interview with the affected family on the 26 December 2013. The assessments were based on social needs, damaged infrastructure/ property, financial needs and environmental needs. On the 09 January 2014, Disaster Recovery conducted an on- site assessment verification based on the Coordinator's report.

<u>Training of Volunteers in Disaster Management</u>: Disasters are increasingly becoming more and more problematic towards communities, municipalities and institutions day by day. Therefore, in order to ensure a rapid and coordinated response, the municipality facilitated a disaster management workshop involving communities with an objective to capacitate the community with necessary skills and knowledge regarding the following:

- Institutional capacity for Disaster Management
- Disaster Risk Assessments
- Disaster risk reduction and avoidance
- Disaster Response and Recovery
- Mitigation and preparedness

The campaigns were held as follow: Steynsrus: 11 April 2014 and Viljoenskroon: 24 – 28 February 2014

B 3: LED & TOURISM UNIT

- Agricultural Development and support

Phase 1 of the Koppies Greenhouse Vegetable Production Project has been completed which consisted of two parts which ran parallel, namely:

- Part A the finalization of the sketch plans with full specifications
- Part B the geo-technical report and the Bill of Quantity

During this process, stakeholder engagement was a priority to inform the community of the host town and municipality about the project. The project is currently in phase 3 (implementation). In addition to the erection of facilities, the members of the co-operative will be identified in the next financial year.

Assistance to agricultural co-operatives

The promotion of the establishment and development of sustainable co-operatives in the region has been a priority for FDDM. LED department upheld the mandate of co-operatives development and has assisted the following co-operatives during 2013/2014:

B 4: TOURISM DEVELOPMENT

Grading of tourism establishments

Section 84(1) of the Municipal Structures Act (117 of 1998) compels the district municipalities to promote tourism within their areas. FDDM has an important role to play in the development and promotion of the tourism sector in the region, and has therefore taken the initiative to request the services of a fully accredited assessor from the Tourism Grading Council of South Africa to grade 5 accommodation establishments in the region. Grading will assist organizations with positioning and marketing quality accommodation facilities. The following facilities were assessed, supported and graded with star grading standards.

Name of Establishment	Grading	Location		
Brentwood Lodge	3 stars	Deneysville		
Khululeka Guest House	Not qualifying	Kroonstad		
Travellers In Guest House	Not qualifying	Parys		
Taliba Guest House	Not qualifying	Sasolburg		

Lion Route Launch

FDDM and Free State Tourism Authority resolved that the launch of the Lion Route as part of the Free State BIG5 would take place on 20 September 2013 at Deneysville resort as a relevant venue for the event, as it went together very well with this year's national tourism month theme "Tourism and water – protecting our common future", as declared by the United Nations World Tourism Organisation.

This concept gives the FDDM a good platform to optimize the products and attractions that are offered along the Vaal River, as most of our visitors are coming for water bound holidays and recreation. The communities along these areas can cease the opportunities that are brought by this new initiative. Young people are invited to come up with initiatives of domestic tourism like, kasi tours, entertainment, culture tourism and other indigenous amenities that are offered by our people.

– Tourism Training

FDDM requested the services of a fully accredited service provider with a CATHSSETA certificate to facilitate training on "Customer First" to local frontline practitioners in all 4 local municipalities within the district. The purpose of the training was to introduce employees in our local tourism businesses to key knowledge and skills pertaining to service excellence and quality in the work environment. Trainings were conducted in all 4 local municipalities within the district and 10 candidates per municipality were provided with training. The duration of the training was 2 days in each municipality and focused on theory and practice.

Trainings were conducted as follows:

Tourism School Awareness Campaigns

Fezile Dabi District tourism unit has conducted tourism awareness campaigns at schools which are having tourism as an academic subject. The aim of these awareness campaigns was to inform learners of all the tourist opportunities, attractions, services and facilities within the district. In addition to this the learners were motivated to consider a career in tourism, as it is one of the key economic drivers within the district.

The campaigns were conducted at the following schools:

Name of the school	Dates	Towns		
Phiritona Secondary	19/03/2014	Heilbron		
Ceda Secondary	22/052014	Sasolburg		
Matlwangtlwang	28/05/2014	Steynsrus		

– Tourism Sector Plan

FDDM has recognised the need to diversify its economic offering and investigate its tourism potential, and as a result has acknowledged the need for a development of a Tourism Sector Plan as a strategic tool that will provide overall direction for future tourism development in the region. The Tourism Sector Plan was adopted by Council in April 2014.

– Tourism Marketing and Promotions

The department has embarked on advertising and marketing and promotion in Fezile Dabi district municipality. The tourism sector was well marketed at domestic and international shows which are:

Indaba International Show

- Getaway Show
- Beeld Holiday Show

Our product owners are always privileged to be part of these exhibitions.

- Encounter Africa Magazine
- Explore magazine

We have placed advertisements in selected magazines that are distributed in a large spectrum of target points both nationally and internationally, and this includes:

- Crafters Training Workshop

Our objective is to see our local products competing at a National and International level.

Our crafter in Fezile Dabi District Municipality has participated in Craft Market on a monthly flea market exhibition in Bloemfontein for 12 months. The ideal situation is to see them participating in the national events like outdoor living, Style Exhibition and many other shows for Interior décor.

B 5: COMMUNITY AND SOCIAL SERVICES

The community and social development functions are located within the LED Directorate under Community Development Unit. This unit is specially established to ensure that communities within Fezile Dabi District Municipality are able to access government services, to provide interventions and to enhance the spirit of social cohesion.

This unit is responsible for, amongst others, the community and social services: Sports, Arts and culture and social development.

– Community Development – Social Assistance

This unit is focusing on the community based organizations; non-governmental organizations which include among others; food security organs, early childhood development centres, old age homes, and home based care centres. The services that we provide are the most needed and urgent commodities that are needed on daily basis to keep the centres operational. For the year under review, this unit provided assistance, interventions and services to the following beneficiaries as tabled below:

CHAPTER 4: ORGANISATIONAL DEVELOPMENT PERFORMANCE (Performance Report Part II)

4.1 INTRODUCTION TO ORGANISATIONAL DEVELOPMENT

This chapter addresses information pertaining to the implementation of an effective performance management system, organisational development and performance of a municipality / municipal entity. Such information is required to identify skills gaps and plans for the development of such skills.

The following are the key organisational development areas will be reported on in order to measure the outcome of effective organisational development against the municipality's strategic plans:

- Municipal Human Resource,
- Capacitating the municipal workforce,
- Managing the municipal workforce expenditure.

Planning, service delivery, organisation, job evaluation, remuneration, benefits, personnel expenditure, affirmative action, recruitment, promotions, termination of services, performance management, skills development, injury on duty, labour relations, leave and discharge due to ill-health, etc

- organisational structure enhancement;
- increased accountability;
- increased participation in problem solving, goal setting and new ideas; and
- identifying and development of skills needed to perform

COMPONENT A: INTRODUCTION TO THE MUNICIPAL WORKFORCE

A 1: WORKFORCE PROFILE

As part of the bigger human resource management plan, the municipality's human resource strategy focuses on filling of critical vacancies, skills audit, and capacity building intervention for councillors and officials, performance recognition and develop human equity plan.

The municipality's primary focus is to ensure that departments are neither overnor understaffed, and that employees with appropriate talents and skills are available to carry out tasks in the right jobs at the right time to support the municipality to achieve its strategic objectives. The table hereunder summarizes the total workforce of the municipality per race group for the period under review.

C 1: SKILLS AUDIT

The Skills Audit exercise was conducted from 17-24 April 2013 for a period of 2 years. The objective was to gather information on the competency profile of all FDDM employees so that competency gaps can be identified and a training plan developed and used as an input to the FDDM Workplace Skills Plan.

100 Employees completed Skills Audit Questionnaire, and a summary of statistical skills profile of Fezile Dabi District Municipality is as follows:

- 8 employees, excluding councillors require AET (Adult Education and Training)
- 52 employees, excluding councillors matriculated.
- 84 employees, excluding councillors have national diploma, degrees etc (post graduate qualifications)

It is important to highlight that 78 employees failed to complete skills audit questionnaire

C 2: MINIMUM COMPETENCY LEVELS

Municipal Regulation on Minimum competency Levels, 2007 set out the minimum competency levels that must be met by The Accounting Officer; the Chief Financial Officer; Senior Managers of the Municipality; Other Financial Officials and Supply Chain Management Officials of the Municipality;

In line with the above stated legislative requirement, the table below provides an overview of progress made in meeting the set minimum competency levels:

CHAPTER 5

FINANCIAL PERFORMANCE

1. Introduction

The finance service directorate is responsible for administering and managing the financial affairs of the municipality. It ensures accountability on municipal expenditure and provides reports to various stakeholders on the utilization of municipal funds. The department also provides technical and strategic assistance and support to local municipalities within the district.

This department consists of the following key operational components, *viz:* Supply Chain Management, Information Communication Technology, Expenditure and Creditors, Local Municipalities Assistance unit, Financial Accounting, Budget Office, Payroll and Compliance unit.

The Local Municipalities Assistance unit that renders expert technical assistance to the Treasury and Budget Offices of the local municipalities within the district was established by Council resolution in 2009.

The activities, duties and functions in these components are carried out within the framework of Municipal Finance Management Act (MFMA) Act No 56 of 2003 and the Annual Division of Revenue Act (DoRA), other applicable pieces of legislation and approved budget related policies of the municipality.

2. Supply Chain Management

For the period under review, the municipality's Supply Chain was largely implemented in line with the approved policy, Municipal Finance Management Act and the associated regulations. The municipality's supply chain management Policy complies with the provision of section 112 of Municipal Finance Management Act.

All the tenders that were approved during the period were in line with the recommendations of the Bid Committees of the municipality and reporting has been done consistently monthly, quarterly and yearly to different authorities and stakeholders.

There is clear separation of duties within the supply chain management unit itself including its committees. No councillor or political office bearer is a member of any of the Bid Committees of the municipality, and the structures of the Bid Committees for the period under review were as follows:

2.1 Bid Specification Committee:

- SCM Practitioner 1 (Chairperson)
- SCM Practitioner 2 Secretary
- Snr. Budget Officer
- Manager Planning
- User department representative

2.2 Bid Evaluation Committee:

- Financial Specialist (Chairperson)
- SCM Practitioner (Secretary)
- Chief Risk Officer
- Snr Financial Accountant
- User department (Technical advisor)

2.3 Bid Adjudication Committee:

- Chief Financial Officer (Chairperson)
- Director EH & ES
- Director LED & Tourism
- Director Corporate Services
- Snr SCM Practitioner(Secretary)

Consistent with the previous reporting period, no complaints, disputes, objections, or incidents of irregular conduct were received from any party in respect of implementation of supply chain management activities.

3. Expenditure and Creditors

The expenditure unit is responsible for all the payments of suppliers and creditors to which the municipality has the obligation. For the period under review, all the expenditure incurred was within the limits of the municipality's approved budget.

Suppliers and creditors were paid within 30 days of receipt of valid tax invoices, and only where delivery and / or supply of goods and / or services was evaluated and confirmed as satisfactory by various user departments.

Because of limitations for generating own revenue, our expenditures were largely financed through equitable share and to an extent Finance Management Grant and Municipal Systems Improvement Grant for qualifying expenditure.

4. Local Municipalities Assistance unit

This unit is responsible for rendering expert technical support to various financial management matters to all the local municipalities within the district. The support is rendered to municipalities on request and also based on urgency.

For the period under review, the unit rendered support to Mafube and Moqhaka local municipalities where the major focus was on development and audit of Human Resource Strategy.

5. Plans to enhance financial viability

The following matters, as raised in the Auditor-General's report, need to be addressed in the 2013/14 financial year.

- Ensure consistent application of accounting policies applicable to the financial statements so as to eliminate possibilities of errors and restatement of financial information during external audits.
- Strengthening of controls relating to daily financial activities and ensuring correct recording of financial transactions.
- Ensure compliance with applicable laws and regulations regarding financial matters, financial management and other related matters.
- To ensure the municipality progressively work towards obtaining a clean audit report by 2014.
- Improve the effectiveness and monitoring of financial reporting and related internal controls.

Component D: Other Financial Matters

1. Expression on the Auditor General Report

We believe that the opinion expressed by the Auditor-General is a true reflection of our efforts to ensure institutional excellence through accountability over public resources under our authority and control.

2. Plans to enhance financial viability

Based on the findings of the Auditor-General following the 2012/13 audit, we have prepared a comprehensive action plan which is aimed at resolving financial management matters as contained in the audit report. Amongst others, the following matters needed to be addressed in the 2013/14 financial year.

- Ensure preparation of annual financial statements that are in all material respect, free from misstatements and errors.
- Improve internal controls over daily financial management activities

3. Financial Ratios based on Key Performance Indicators

3.1 Revenue Management

3.1.1 Level of Reliance on Government Grants

<u>Purpose</u>: The purpose of this ratio is to determine what percentage of the municipality's revenue is made up of government grants, to determine level of reliance on government funding by the municipality.

Formula: Grants & Subsidies/Total Revenue

2013/14			2012/13
Government Grants	Government Grants Total Revenue %		%

<u>Analysis and Interpretation:</u> From the above, it is evident that the municipality is highly reliant on Government Grants. This is largely due to the fact that as a district municipality, FDDM has no revenue base of its own, thus is bound to depend on government grants and subsidies.

103

3.1.2 Actual Revenue versus Budgeted Revenue

<u>Purpose</u>: The purpose of this ratio seeks to determine deviations between actual and budgeted revenue and to ascertain reasons for the deviations

Formula: Variance/Actual Revenue

Actual	Budgeted	Variance	Variance	
Revenue	Revenue		2013/14	2012/13
2013/14	2013/14	R	%	%
			-0.18%	-6.6%

<u>Analysis and Interpretation</u>: The acceptable standard is that the actual revenue for a financial year must equal or exceed the approved budget for the financial year. The municipality's actual revenue is less than the budget by 0.18%. In the previous financial year, actual revenue was lesser than budgeted revenue by 6.6%. The actual revenue includes Government Grants.

3.2 Expenditure Management

3.2.1 Employee Related Costs to Total Expenditure

<u>Purpose</u>: The purpose of this ratio is to indicate Personnel Cost as a percentage of Total Expenditure.

Formula: Actual Salaries, Wages and Allowances/Total Expenditure

2013/14			2012/13
Employee Cost	Total Expenditure	%	%
			46%

3.2.2 Remuneration of Councillors

<u>Purpose</u>: The purpose of this ratio is to indicate Remuneration of Councillors as a percentage of Total Expenditure.

Formula: (Actual Remuneration of Councillors/ Total Expenditure)

2013/14			2012/13
Remuneration of Councillors	Total Expenditure	%	%
		4%	4%

<u>Analysis and Interpretation:</u> From the above, it can be deduced that remuneration of councillors as a percentage of total operating expenditure remained constant year on year at 4% while remuneration of employees to total expenditure decreased from 46% to 44% for the period under review.

3.2.3 Repairs and Maintenance to Total Expenditure

<u>Purpose</u>: The purpose of this ratio is to indicate Repairs and Maintenance as a percentage of Total Expenditure.

Formula: (Actual Repairs & Maintenance/ Total Expenditure)

2013/14			2012/13
	Total		
Repairs & Maintenance	Expenditure	%	%
			5%

<u>Analysis and Interpretation:</u> The norm for this ratio is that Repairs and Maintenance should equal at least 10% of Total Operating Expenditure. In this case the expenditure is below 10% and has decreased from 5% to 1% in 2013/14. The main contributing factor to this variance between the norm and actual may be attributable to the fact that as a district municipality, FDDDM does not have major infrastructure assets to provide substantial maintenance for.

3.3Liability Management

3.4.1 Acid Test Ratio

<u>Purpose:</u> To test the extent to which the municipality's current assets can cover the short term obligations.

<u>Formula:</u> Current Assets less Inventory/Current Liabilities. The norm for this ratio is 1.5:1, i.e. the Current Assets less Inventory must exceed the Current Liabilities by 150%.

2013/14				
Current Liabilities	Ratio	Ratio		

<u>Analysis and Interpretation:</u> The above ratio indicates that the municipality had a substantially positive current ratio as at the end of the financial year, which implies that the value of current assets was substantially enough to can cover current liabilities.

CHAPTER 6: AUDITOR-GENERAL'S FINDINGS (2012/13)

COMPONENT A: BACKGROUND

In terms of section 20 of the Public Audit Act, 25 of 2004 (PAA), the Auditor-General must in respect of each audit performed in respect of the auditee, in this case Fezile Dabi District Municipality, prepare a report on the audit. An audit report must reflect such opinions and statements as may be required by any legislation applicable to the auditee who is the subject of the audit, but must reflect at least an opinion or conclusion on:

- a) whether the annual financial statements of the auditee fairly present, in all material respects, the financial position at a specific date and results of its operations and cash flow for the period which ended on that date in accordance with the applicable financial framework and legislation;
- b) the auditee's compliance with any applicable legislation relating to financial matters, financial management and other related matters; and
- c) the reported information relating to the performance of the auditee against predetermined objectives.

With the above background in mind, this chapter provides an overview of the Auditor-General Report of the previous financial year (2012/13) with specific focus on the following:

- a) Matters raised during the previous financial year's audit; and
- b) Remedial action taken to address those issues and preventative measures taken.

COMPONENT B: MATTERS RAISED DURING THE PREVIOUS FINANCIAL YEAR'S AUDIT

AREA OF FOCUS	MATTERS RAISED
Compliance with	Annual financial statements and annual report:
laws and regulations	
	The financial statements submitted for auditing were not in all material respects in
	accordance with the requirements of section 122 of the MFMA. Material
	misstatements of non-current assets, current assets, liabilities, and expenditure and
	disclosure items identified by the auditors in the submitted financial statements were
	subsequently corrected and the supporting records provided, resulting in the financial
	statements receiving and unqualified audit opinion.
Internal control	Leadership:
	Oversight of financial reporting and related internal controls was not effective during
	the year due to a lack of monitoring.
	Financial and performance management:
	The staff members of the municipality did not fully implement controls in respect of
	the daily financial activities and ensure that all transactions are correctly recorded in
	the records of the municipality. Management also did not ensure that adequate
	controls were in place to detect and correct all errors in the financial records.
	The financial statements were subjected to material corrections resulting from the
	The financial statements were subjected to material corrections resulting from the
	audit process, which are attributable to weakness in the design and implementation
	of internal control in respect of financial management and financial reporting and
	weakness in the information system of the municipality.

COMPONENT C: REMEDIAL ACTION TAKEN TO ADDRESS ISSUES AND PREVENTATIVE MEASURES TAKEN

The table below provides a comprehensive plan of the cause of action instituted to resolve and / or take remedial actions on functional activities relating to the above matters raised by the Auditor-General.

Appendix E: Ward Reporting

Status of ward committees in the district

– Metsimaholo Local Municipality

Reports from Metsimaholo Local Municipality indicated that all the ward committees have been established and inducted by the service provider appointed by the municipality on roles and responsibilities, they also pay out of pocket expenses to ward committees with effect from 1 September 2012, and ward meetings are taking place.

– Mafube Local Municipality

Reports from Mafube Local Municipality indicated that all the ward committees were established and were inducted by Fezile Dabi and COGTA on roles and responsibilities as per the induction manual approved by National government and they are also paying out of pocket expenses.

- Ngwathe Local Municipality

Reports from Ngwathe Local Municipality indicated that all ward committees were functional, with the exception of ward 18. The Councillor elected in 2011 resigned due to internal party matters, and by-elections were held, and another councillor elected but has also resigned due to the same circumstances as in the first instance. Two capacity building workshops have been held for the ward committees and CDWs by COGTA. The municipality is still paying stipends on a monthly basis.

Moqhaka Local Municipality

The structure has collapsed and therefore non-functional, therefore were no activities taking place in the entire municipality. Even Public Participation Officers did not attend DPPSC meeting as were convened by the district. The Ward Committees did not receive stipends subsidized by the COGTA.
